

**ROOF REPLACEMENT OF HANGARS 8 & 9
MIKE MONRONEY AERONAUTICAL CENTER
OKLAHOMA CITY DEPARTMENT OF AIRPORTS
OKLAHOMA CITY, OKLAHOMA**

***CONSTRUCTION COST: \$1.9M
COMPLETION: 2002***

Poe & Associates was hired by the City of Oklahoma City Department of Airports to design the roof replacement of Hangars 8 and 9 located at the Mike Monroney Aeronautical Center. The work included the demolition and replacement of over 130,000 square feet of roof insulation and a new single ply roof system. Also included in this work was the replacement of the lighting protection system and damp proofing, painting, HVAC, plumbing and electrical related to the new single ply roofing system. Along with the design and the bidding phase, Poe provided periodic construction observation of this project.
