

**Creek Turnpike Construction**  
**Oklahoma Turnpike Authority**  
**Tulsa County, Oklahoma**  
Poe & Associates, Inc.

**Construction Cost:** \$80M

**Description:** Poe & Associates, Inc. was selected to be the Resident Engineer and Construction Inspectors for the approximate seven mile corridor of the Creek Turnpike. This project connected Highway 169 to Highway 75 and would eventually be used in conjunction with the Creek West, Broken Arrow South Loop, and Creek East turnpikes to connect the Will Rogers Turnpike to the Turner Turnpike. Poe's Resident Engineers had to prepare monthly reports and attend monthly progress meeting with Oklahoma Turnpike Authority managers detailing construction progress and funding.

**Project Team:** Robert Smith, PE, PLS (Principal-in-Charge & Resident Engineer)  
Ken McNiel (Construction Inspector)
