

**Turnpike Rehabilitation
Oklahoma Turnpike Authority
Various Turnpike Locations**
Poe & Associates, Inc.

Construction Cost: \$75M

Completion: 1996-2008

Description: Jim Hemphill served as Project Manager for Poe & Associates contract with the Oklahoma Turnpike Authority, in which Poe was hired to prepare plans for seventeen pavement rehabilitation contracts, totaling more than \$75 million in construction costs. Some representative projects include:

Cherokee Turnpike, CH-MC-01 (1996)

Concrete pavement rehabilitation at various locations over 33 miles in length; dowel bar retrofitting, diamond grinding, slab replacement and under sealing

Indian Nations Turnpike, IN-MC-20 (2001)

Asphalt overlay of concrete pavement 20 miles in length

Cimarron Turnpike, C-MC-14 (2006)

Cold milling & asphalt overlay of pavement 7 miles in length

Cimarron Turnpike (Stillwater Spur), C-MC-16 (2008)

Rehabilitation and reconstruction of concrete pavement 8.5 miles in length

Turner Turnpike, T-MC-96 (2008)

Asphalt pavement rehabilitation (hot in-place recycling) 10 miles in length

Project Team: Robert Smith, PE (Principal-in-Charge)
Jim Hemphill, PE (Project Manager)
